Tips for Getting Started:

1. Form a Mission Group and include the Pastor – vital to have his support.

2. Choose a sister parish that is not already receiving assistance.

Tips for Getting Started:

3. Identify your 'expert' – should be living in your parish & will be key committee member.

4. Use your 'expert' to communicate with the pastor & leaders of the Sister Parish.

Start Small

Well -\$7,000

- Constant Communication
- Church Bulletin
- Church Newsletter
- Social Media

BIG THANKS FROM UGANDA

Appreciation and thanks are a major part of the community we work with in our sister parish.

At this time I want to especially extend their thanks and appreciation for two recent responses from our parishioners.

- 1) While in Uganda at a soccer game between two villages, most players were in their bare feet. We asked for shoes and a shirt for 12 boys and 12 girls = 24. We got 88 pairs of shoes and 88 shirts. Don't worry—they have several soccer teams. Thanks.
- 2) For students not qualified to go on to higher education, we have a few opportunities for them to learn a trade—carpentry, woodwork, becoming a chef, and becoming a tailor. We have two “Tailor” schools. We asked for 17 Singer sewing machines at \$150 each. We got 55. Thank you so much.

Soccer Shoes—St. Patrick's Sub parish

St. Patrick's is one of the 32 sub parishes in our sister parish.

They have boy's and girl's soccer teams. They need soccer shoes and shirts. I was at a soccer game and I noticed most of them had no shoes. I promised them I would request sponsors—12 boys and 12 girls.

The shoes and shirt cost \$30. I need 24 sponsors at \$30 each so I can fulfill my promise!

Mark your envelope or check, "Soccer shoes and shirts".

Thanks!

Sewing Machines Needed

Our sister parish supports a school for female tailors. We were at the first graduating class. It means that 17 young ladies are now qualified to go to work from their homes. I promised each of them a Singer Sewing Machine.

They cost \$150 in Uganda. We need 17 sponsors. Your dollars will be well spent.

Mark your envelope or check, "Sewing Machine".

Thanks!

CHRISTIANS OF OUR LADY OF AFRICA.

Establishment: 27- 05- 2021

It is my family's honor to

sponsor your church in memory of my
Mother and Father,
Herbert and Dorothy Hurley
and my twin sister, Elizabeth Hurley

With Love to you all

JANE HURLEY

Opening: 27/06/2022

To assure compliance with diocesan safety conditions and input from the diocese, a representative from the bishop's office should be involved in all final discussions before a sister parish is established.

Summary

- Have a parish mission team in place from the get-go.
- Involve your diocese. Start small. No big plans. Let the Lord lead.
- Selecting the location of the mission is crucial.
- Have at least one “expert” from that area involved.
- The pastor needs to be very much involved and give it his total support.
- Visit the mission as early as possible – and every year if possible.
- Use parish weekly bulletin and parish newsletters to keep parishioners fully up to date on all details of the sister parish.
- List special needs of the sister parish in your bulletin – such as water tanks, laptops, sponsor schoolbooks, bicycles, medical equipment, solar lamps, bibles.
